Wine Barrel Shape with Treat Dispensing

Feature:

The big dog rubber chew toy features an adorable wine barrel shape, complete with intricate details that add charm to the toy. This enticing feature encourages your dog to stay interested in playing as they work to access the hidden treats inside.

Raised Surface for Dental Cleaning:

The surface of the rubber chew toy is thoughtfully designed with raised textures and patterns. As your dog chews on the toy, the textured surface acts as a natural dental cleaner, helping to scrape away plaque and tartar from their teeth and massage their gums. This promotes excellent dental health and fresher breath for your furry companion.

Durable Natural Rubber Construction:

Crafted from high-quality natural rubber, the chew toy is a safe and durable toy for your pet. The rubber material ensures the toy can withstand rough play and vigorous chewing, making it a reliable and long-lasting companion.

Interactive Play and Mental Stimulation:

The big dog rubber chew toy not only engages your dog physically but also provides mental stimulation as they work to retrieve the treats hidden inside. The interactive play keeps their mind engaged and prevents boredom, leading to a happier and healthier pet.

Encourages Slower Eating:

When used as a treat dispenser, the chew toy encourages your dog to eat more slowly, which is beneficial for their digestion and can prevent issues like bloating.
